Description

An alternative to the traditional throwing confetti without the mess.

These wands have lace & woven ribbon with bells on the top, ideal for the wedding party to applaud the couple as they leave the aisle. Very vintage & without the mess.

Why not leave them outside the church for people to collect as they go in. You can even label your jar with our great chalkboard labels.

Pack of 10. Each wand is around 30cm in length with a printed flag saying 'hooray' on textured cream card.
